

Wild and Scenic Rivers town meetings Groton - Monday, April 30 Townsend - Tuesday May 1

Squannacook Greenways enthusiastically supports the designation of the Nashua, Squannacook, and Nissitisset Rivers as Wild and Scenic Rivers. We encourage everyone in the two towns along our rail trail to learn about the Nashua River Wild and Scenic River Study and attend their upcoming town meetings to vote on this important article.

Town meetings:

Groton - Monday, April 30

7:00 P.M., Groton Dunstable Middle School Center for the Arts, Main Street, Groton, MA

Townsend - Tuesday, May 1

7:00 P.M., Memorial Hall, 272 Main St. Townsend, MA

Click the image below to watch an excellent 5 minute video about the study and upcoming vote.

Countdown to construction: Nov 2018!

After more than a decade of hard work, Squannacook Greenways is pleased to announce that we're on track to begin construction of the Squannacook River Rail Trail in November 2018! Our capital campaign has crossed the \$128,000 mark, giving us the funds needed for construction. We have submitted our permitting application to MassWildlife's Natural Heritage and Endangered Species Program, and have begun preliminary consultation with Townsend and Groton's conservation commissions.
